Profile Summary

aspiring Data Analyst with skills in SQL, Excel, Power BI, and Python. Knowledge of data cleaning, dashboard creation, and data analysis. Passionate about turning raw data into meaningful insights and seeking an Entry-Level Data Analyst / BI Analyst role.

Technical Skills

- **Analytics & Visualization:** Power BI, Tableau, Excel
- **Programming & Data Analysis:** Python (Pandas, NumPy, Matplotlib), Jupyter Notebook, SQL
- **Data Handling:** Power Query, Pivot Tables, ETL Concepts
- **Databases:** MySQL, PostgreSQL
- **Soft Skills:** Team Collaboration, Problem Solving, Clear Communication

Projects

Customer Behaviour Analysis Project

- Analyzed customer purchasing behavior using real-world datasets to identify trends, customer preferences, and business insights.
- Performed data cleaning, preprocessing, and exploratory data analysis using Jupyter Notebook and Python libraries.
- Used SQL queries for data extraction, filtering, aggregation, and customer segmentation analysis.
- Created interactive Power BI dashboards to visualize customer demographics, sales trends, and buying patterns.
- Generated actionable insights that can help improve customer retention and marketing strategies.
- **Tech Stack:** Jupyter Notebook, Python, Pandas, SQL, Power BI, Excel

Blinkit Sales Analysis Dashboard

- Developed an interactive sales analysis dashboard for Blinkit using Excel and Power BI to analyze sales performance and customer trends.
- Cleaned and transformed raw sales data using Excel functions and Power Query for accurate reporting and visualization.
- Analyzed KPIs such as total sales, outlet performance, item categories, customer ratings, and regional sales distribution.
- Identified top-performing products and sales patterns through data-driven analysis.
- **Tech Stack:** Excel, Power BI, Power Query, Data Visualization

Experience

Oasis Infobyte

Data Analysis Intern

Oct 2025 – Nov 2025

Remote

- Cleaned, transformed, and analyzed datasets using Python (Pandas, NumPy) in Jupyter Notebook, improving dataset usability by 40
- Conducted EDA to identify patterns in customer behaviour and retail sales, contributing to better insight generation.
- Developed visualizations that reduced analysis time and improved reporting clarity. Strengthened SQL query writing and Python data manipulation skills.

Education

Shivaji University, Kolhapur

Bachelor of Science in Computer Science

2021 – 2024

CGPA: 8.34

- College: Dahiwadi College, Dahiwadi
- Ranked Top 10%

Certifications & Additional Information

- **Certifications:** Data Analytics Certification, Data Analysis Internship Certificate – Oasis Infobyte (2025)
- **Languages:** English, Hindi, Marathi
